

MAKE A WATERLESS CHOICE!

Wash bays, home washers and automatic car washes use 50 to 100 gallons of water which is costly and environmentally wasteful.

The plant-based agents used in WHOOSH! 10 MINUTE Spray Wipe & Buff are 100% environmentally safe and bio-degradable.

WHOOSH! 10 MINUTE Spray Wipe & Buff was designed to save you time and money. Vehicle owners typically use automatic car washes or power washers at home to keep their vehicles pristine, but now we have a system that is convenient, effortless and reduces your water bill.

A PERFECT SHINE EVERY TIME!

Use WHOOSH! 10 MINUTE Spray Wipe and Buff with our amazing microfiber cloths, and you will see ultimate results without scratching your car's paint. The microfiber cloth instantly absorbs dirt, lifting any abrasives from rubbing on your car's paint. You can expect nothing but shine.

GO GREEN!

WHOOSH! 60 SECOND Waterless Wheel Cleaner has a unique blend of environmentally safe plant-based agents that gently removes dirt, grime and surface contaminants while enhancing gloss and protection. It is safe and effective on any type of wheels, rims, and can even be used to clean and shine many other surfaces including your windshield and dashboard.

LOOK AT THE AMAZING RESULTS!

In just seconds, brake dust disappears from the rim with minimal effort.

Rim full of brake dust

After one application
55 seconds

This unsanitary and bacteria filled console is cleaned in seconds.

Cup holder and tray

After one application
60 seconds

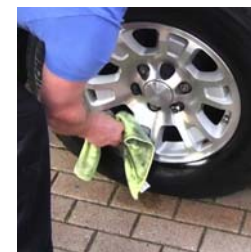

Side step dirt does not pose a problem

Dirt filled side step

After one application
52 seconds

DIRECTIONS FOR USE

Directions apply for both products.

SPRAY:

Spray WHOOSH! 10 MINUTE Spray, Wipe & Buff onto surface to be cleaned:

Apply evenly to one section (1m2) at a time. If your car is particularly dirty, spray liberally.

WIPE:

Wipe away dirt, grime and contaminants using our microfiber clean towels:

Fold your microfiber towel TIP: Fold your towel in half, length-ways, and then in thirds along the length.

Wipe gently, allowing the weave of the towel to lift off debris, turning to a clean portion of the towel as necessary.

If required, repeat process to remove remaining dirt or grime and any stubborn contaminants. Spray WHOOSH! 10 MINUTE Spray, Wipe & Buff on the surface for lubrication, and do not rub aggressively during your car clean.

BUFF:

Buff dry using another microfiber polishing towel. Your car clean is now complete!

TIP: To clean your microfiber car clean towel, wash in a washing machine using regular detergent, and drying a clothes dryer or hang to dry.

CAUTION: Never use bleach or fabric softeners as this will deteriorate the microfiber towels. Also, wash only with other microfiber towels.

CLEANING SOLUTIONS POWERED BY THE SUN

Pure Sun Sanitizer/Deodorizer Eliminates odours, bacteria, viruses, and indoor air pollutants. When exposed

to UV light (daylight or electric light), Titanium Dioxide is activated and acts as an effective deodorizer and sterilizer. Spray Pure Sun on your dash, door handles, steering wheel, console or anywhere dirt and bacteria may accumulate. You may even use it on your car's upholstery. A single spray is effective for up to one year.
